SCULPTURE FIND

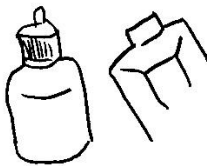

Read the following riddles to find some of the nearby sculptures. For an extra clue, show the pictures:

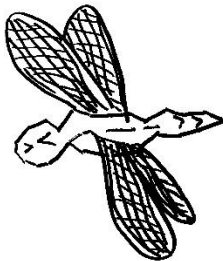

In a field where grass is bright and green,
A sheep is there, but not as seen.
Made of coils, not wool so soft,
Find it standing, proud aloft!

There's a funny fish with hands
That walks on underwater sand.
Usually so small it's hard to find,
But here it's giant, one of a kind!

In a place where veggies grow,
Find some bottles styled of old.
Ceramic, painted, there are two.
Can you find them, one is blue!

Another sculpture to be found
Is one landed on the ground.
With shimmering wings, it loves to play,
Near the dam, it rests today!
